Adidas School Fun Run

During Friday Week 8 of this term, the Ebenezer Public School Adidas Fun Run will be run. This is a great initiative for the students of our school as it:

- Complements our push for children to lead a more active and healthy lifestyle.
- Raises money for our school. Our aim is to use this money to create a full Wifi network across the school. We will then purchase devices so our kids have access to the latest in 21st Century learning possibilities.

Your child would have been given a sponsorship form. This is used to record the people who are willing to sponsor them. Once a student has reached $10 in sponsorship, they qualify for a prize. The more money they raise, the better quality and value of their prize. Ebenezer Public School has registered online, making it easier for relatives and friends who live too far away to sponsor students. Others ways to generate sponsorship include:

- Take the sponsorship form to work and ask colleagues if they would like to sponsor your child.
- Go for a walk with your child and knock on some neighbours doors and ask if they are willing to sponsor.
- Your child can register online and ask friends and relatives to sponsor them.

The last time we held this event, we raised over $3000 for our school! I will provide details of the fun run as the date gets closer. In the meantime, thanks for your support and get fundraising.

Mr Johnson
